ERPVAR.com Partners with Sage 100 ERP, Intacct and SugarCRM Solutions Provider and Systems Integrator Faye Business Systems Group

Faye Business Systems Group joins ERPVAR.com's network of ERP consultants to help promote Faye Business Systems Group SugarCRM QuickBooks integration application and SugarCRM Sage 100 ERP integration application.

Dana Point, CA (PRWEB) November 20, 2012 -- ERPVAR.com, an ERP consultant network comprised of Sage Software, Microsoft Dynamics, Epicor, NetSuite, Intacct and Intuit value-added-resellers (VARs), announced today the formation of a partnership with Faye Business Systems Group. SugarCRM Gold Partner Faye Business Systems Group has created several innovative add-ons for SugarCRM. Faye Business Systems Group is also a Sage 100 ERP (Formerly MAS 90 and MAS 200) developer and Intacct Authorized Partner with over 20 years serving clients accounting, customer and technology requirements. Faye Business Systems Group has a strong reputation of delivering outstanding service and support. Faye Business Systems Group is an excellent addition to the ERP VAR consultant directory.

SugarCRM is the fastest growing CRM company in the world. The SugarCRM QuickBooks Integration Application and the SugarCRM Sage 100 ERP Integration Application are both well received and necessary integration for QuickBooks and Sage users. In addition the suite of integrations offered by Faye Business Systems Group for SugarCRM, also include integrations for, Intacct, Constant Contact, and Authorize.Net.

Faye Business Systems Group recognized there is a need for a strong, flexible, open, cloud hosted CRM solution to offer both QuickBooks and Sage 100 ERP users a way of viewing their customer related data via a web browser. Many Sage 100 ERP and QuickBooks partners and clients look to Faye Business Systems Group to help them take their best of breed mid-market on premise Sage 100 ERP and QuickBooks data to the cloud via SugarCRM. Faye Business Systems Group will be covering the ERP VAR partner locator for Sage 100 ERP in Los Angeles, CA.

About ERPVAR
Established in 2012 and headquartered in Orange County, CA, ERP VAR represents the collective expertise of Sage 50 (formerly Peachtree), Sage 100 ERP (formerly MAS90 and MAS 200), Sage 500 ERP (formerly MAS 500), Sage ERP X3, Epicor, Microsoft Dynamics GP, NetSuite, and QuickBooks Enterprise third party developers combined with the expertise of local implementation ERP consultants. These local ERP consultants provide end users with a thorough needs analysis to determine which ERP software functionality is required to address their unique needs. If a business process assessment is required the local channel partner is enlisted to provide a comprehensive examination with end user company departments to insure the correct ERP software is selected implemented and the staff is properly trained.
