

## FAYE BUSINESS SYSTEMS GROUP IS NOW A RECOGNIZED SILVER SUGARCRM PARTNER

Los Angeles, CA – June 4, 2010 – Faye Business Systems Group is pleased to announce their partnership with Sugar CRM.

Faye Business Systems Group, a technology consulting firm helping small and mid-sized companies grow their business, has teamed up with SugarCRM to provide progressive business solutions. The implementation of SugarCRM will be another tool in FBSG's arsenal of software geared at getting companies "over the wall."

Bringing companies advanced solutions is what FBSG is known for. They are currently providing financial service solutions for companies in multiple industries from Beauty Supply to Warehouse Distribution. With the establishment of this partnership, FBSG will now be able to provide another customer relationship management solution to their clients.

Matt Ingebrigtsen, SugarCRM Channel Development Manager, had this to say about the partnership, "Faye Business Solutions Group has built a tremendous practice delivering business critical application solutions to clients of all sizes, and it is their commitment to success which is why we are proud to welcome them to the SugarCRM Reseller Partner Community."

"We're really excited to be getting involved with one of the leading CRM solutions as well as one of the technology leaders in the cloud. Our partnership should allow us to provide even more value and solutions to our clients in the mid-market," said David Faye, CEO of Faye Business Systems Group.

### **About FBSG**

Faye Business Systems Group is a Southern California-based technology consulting firm with over 25 years of experience that helps growing companies get "over the wall" and become more profitable by working with them to optimize their financial and business systems. They do this by helping companies assess, implement and optimize the right software for the right task. Services include project management, packaged accounting software implementations, custom accounting software implementations, consulting, programming, training, and support.

### **About SugarCRM**

SugarCRM is the world's leading provider of open source customer relationship management (CRM) software. Over 6,000 customers and more than half a million users rely on SugarCRM to execute marketing programs, grow sales, retain customers and create custom business applications. Leading publications such as CRM Magazine, InfoWorld and eWeek praise SugarCRM for its ease-of-use, flexibility and open design. SugarCRM runs on-premise and on the leading cloud computing platforms, including

Amazon EC2, Microsoft Azure, Sugar On-Demand and Private Clouds, offering customers unparalleled choice and control of their data and deployments.
